Aldred Homes
1709 Crimson Drive
Valparaiso, IN 46383

Dear Aryl, Lisa and Aryl,

The children have returned to school so I finally have a few moments to put my thoughts to paper. The kids and I joined Don at the end of June so we are finally living as a family again in our new home. WE LOVE IT!

As you know, we really appreciate the Aldred aesthetic. Your homes were the ones that most matched what we were looking for in a new home. As we progressed through the home search it became apparent that there are no real comparables for your homes. We found no other homes that were as well built as the Aldred homes.

I spent the first month or so unpacking and finding a new "spot" for our old things. The architecture of this home is really special. There is a "spot" for everything but there really isn't any wasted space. Aryl, you told me that you could make a 2700 square foot home seem much larger and it is true. You have found a unique junction in home design where form and function truly work together to yield a fabulous family home.

Each weekend there are multiple people driving through Hawthorne looking at homes. A few of them have stopped to get our opinions on the neighborhood and specific homes. We have told each of them that you really can't go wrong with an Aldred home – that they shouldn't be fooled by a lesser priced home that will probably cost more in the long run.

On a final and personal note, Don and I sincerely appreciate the patience you showed us during those confusing days surrounding our settlement(s). We could not have anticipated the events and are very grateful for your understanding and willingness to work with us. Thank you for EVERYTHING you have done for us.

Sincerely,

Ginny Angert ~ Valparaiso, IN 46383
